

## Free of lumps and mixed in no time

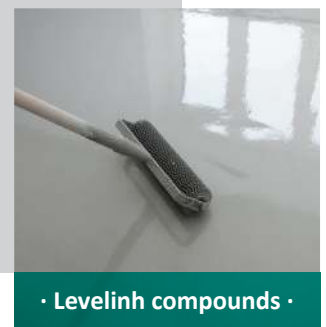

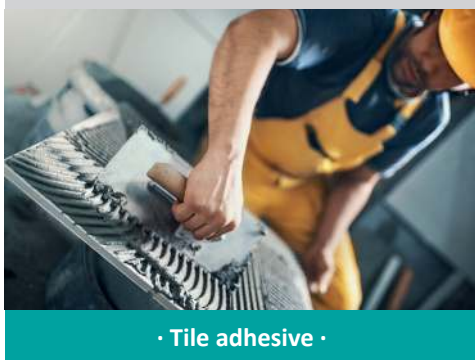

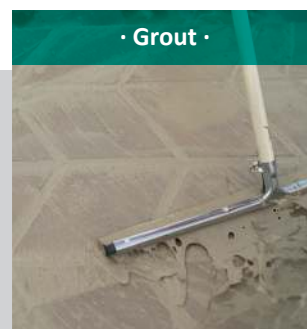

AOX 650 – the compact adhesive and mortar mixer.

AOX 650.T – automatically keeps an eye on mixing time.

## › Materials and applications

MADE IN GERMANY

# Rotation mixer AOX 650.T

- Compact mixer for many liquid, flowing and plastic materials
- No more overmixed material thanks to timer
- New motor technology – higher performance characteristics and lower noise levels
- Interchangeable mixing tools enable different material viscosities and densities
- High-speed mixing unit and simultaneously rotating bucket for fast homogenisation and lump-free mixtures
- The scraper increases the mixing effect and prevents material deposits on the edge of the bucket
- Prepared for connection of a dust extraction system
- Easy to transport thanks to compact design and low weight
- A transport trolley is available as an accessory for easy bucket transport
- Ideal for thin-bed mortar, levelling compounds, tile and reinforcement adhesive, filler, mortar and much more.
- The practical helper for bricklayers, tilers, floor layers, painters, renovators, ...

Height adjustment for the mixer. Compensates for level differences to the bottom of the bucket, therefore no material residue or damage to the bottom of the bucket.

Connection piece (Ø 35 mm) for dust extraction hose.

Material (weight without added water)	DLX	KR
Cement mortar		+
Fillers		+
Stucco		+
Natural stone mortar/cobblestone mortar		+
Soft 2K pavement grout		+
Natural stone mortar		+
Tile adhesive		+
Grout	+	+
Thin-bed mortar, flat stone adhesive	+	
Bonding agents	+	
Joint-sealing compounds		+
2-K sealing slurry	+	
Levelling compounds	+	
2-K epoxy resin sand mixture, soft		+

Technical data	AOX 650	AOX 650.T
Mixing quantity:	max. 40 l./50 kg	max. 40 l./50 kg
Bucket capacity:	65 l.	65 l.
Mixing tool output:	1,2 kW / 230 V	1,2 kW / 230 V
Mixing tool, on-load speed:	630 min <sup>-1</sup>	630 min <sup>-1</sup>
